SUMMARY

Recent B.Tech graduate in Electronics & Communication Engineering with solid fundamentals in frontend technologies, Java, data structures, and OOP. Built end-to-end applications including a Bookstore E-commerce Website and the News System (RDSO Project). Proficient in ReactJS, RESTful APIs, and Java full-stack development. Fast learner with hands-on experience in agile remote teams, eager to apply AI and full-stack skills to solve real-world problems and grow as a software/AI engineer

EXPERIENCE

Web Developer Intern - Zidio Development (Remote Work):

Jan 2024 - Mar 2024

- Worked collaboratively in a team to build and improve a responsive donation platform.
- Developed front-end components with HTML, CSS, JavaScript, and Tailwind CSS.
- Integrated APIs and optimized PostgreSQL queries, reducing latency by 50% and improving performance by 30%.

PROJECT

News System – RDSO Project

Tools: HTML, JavaScript, Tailwind CSS

- Developed a responsive web portal for internal news updates using modern UI/UX principles.
- Ensured accessibility and responsiveness across all devices

Bookstore E-Commerce Website

Tools: ReactJS, Tailwind CSS

- Built a responsive frontend with ReactJS and Tailwind CSS.
- Connected frontend with backend APIs using Axios.
- Improved UI load speed by optimizing state management.

EDUCATION

B-Tech in Electronics and Communication Engineering

Saharsa College Of Engineering (BEU university) | 2021 -2025

CGPA: 7.20

Intermediate: DR S P M Inter College Sindri

Jharkhand (JAC Board)

2019 - 2020

High School: +2 High School Nagarnausa

Nalanda (Bihar Board)

2017 - 2018

CERTIFICATION

- Full Stack Development Using Mern Stack | NIELIT | 2024
- Computer Network | NPTEL | 2024
- Python and Machine Learning | NIELIT | 2024

SKILL

Technical Skills:

- Languages: JavaScript, Java, Advance Java.
- Frontend: ReactJS, Tailwind CSS, HTML5, CSS3, JavaScript.
- Databases: MySQL, Oracle.
- Tools: Git, GitHub, VS Code, Excel, PowerPoint, Canva.
- Concepts: REST API, DOM, JSON, HTTP, Responsive Design.
- Soft Skills: Communication, Teamwork, Leadership, Problem-Solving, Quick Learner.
- Core Concept: DSA, Operating System, DBMS, Object-Oriented Programming (OOP).
